IMPORTANT INFORMATION

You may have received a confirmation for a trade, which does not appear on this statement. If the settlement date of the trade as shown on the confirmation is later than the period ending date that appears at the top of this statement the trade will appear on your next regular monthly statement. If this is a margin account and we maintain a special miscellaneous account for you, this is a combined statement of your general account and special miscellaneous account maintained for you under Regulation T issued by the Board of Governors of the Federal Reserve System. The permanent record of the special miscellaneous account as required by Regulation T is available for your inspection at your request.

The per annum rate of interest charged on the debit balance in your account is shown on this statement. This rate may change from time to time in accordance with fluctuations in interest rates. Interest is computed from the 15th day of the preceding month to the 15th day of the current month except in December and January. In December, the charges include the last day of the year and, in January, the interest is calculated from the first day of the month. The interest is based on the average daily net debit balance in your account with us, and for the actual number of days based on an interest year of 360 days. When calculating margin interest, free credit balances in all accounts will be offset against any debit in the margin account and the interest will be charged on the net debit balance.

We are required to report to the Internal Revenue Service all cash dividends and registered bond interest credited to your account on securities held for you in our name. We also report coupon bond interest. All dividends and interest credits should be included in your income tax return. Information relative to commission and any other charges incurred in connection with listed option transactions occurring during the month has previously been furnished to you in confirmation of such transactions. A summary of this information will be made available to you promptly upon request. Exercise assignment notices for option contracts are allocated among customer short positions pursuant to a manual procedure with randomly selected form among all customer short option positions including those contracts which are subject to exercise. All short American style option positions are liable for assignment at any time whereas European style options are assigned at expiration. A more detailed description of our random allocation procedure is available upon request.

You are to promptly advise your brokerage firm or bank of any material changes concerning your investment objectives or financial situation.

Our financial statement is available for your personal inspection at our office, or a copy of it will be mailed upon your written request.

SIPC Protection. As a member of the Securities Investor Protection Corporation (SIPC), funds are available to meet customer claims up to a ceiling of \$500,000, including a maximum of \$250,000 for cash claims. For additional information regarding SIPC coverage, including a brochure, please contact SIPC at (202) 371-6300 or www.sipc.org. Apex has purchased an additional insurance policy through a group of London Underwriters to supplement SIPC protection. This additional insurance policy becomes available to customers in the event that SIPC limits are exhausted and provides protection for securities and cash up to certain limits. Similar to SIPC protection, this additional insurance does not protect against a loss in the market value of securities.

Any free credit balance represents funds payable upon demand which, although properly accounted for on our books of records, is not segregated, and may be used in the conduct of this firm's business as permissible under the SEC Rule 15c3-2.

Realized gains (losses) are reflected on a trade date basis for transactions settling during the current period or the period in which the shares were received, if later. Realized gains and losses may include transactions that settle during the following statement cycle. These transactions appear in the Portfolio Holdings section. Estimated unrealized gains (losses) are displayed for most securities currently held. The cost basis used in determining gains (losses) does not reflect wash sales and may not reflect all capital adjustments. Most exchanges reflected on this statement are treated as non-taxable, unless or until other information has been communicated to us. Cost basis of preferred securities with original issue discount ("OID") is not adjusted for the accretion of OID. For most long positions transferred between beneficial owners, the transferor's cost basis will be retained. For shares acquired from a decedent, you should consult your tax advisor to determine the appropriate valuations and holding period that applies. ALTHOUGH THE COST BASIS SHOWN MAY HAVE BEEN ADJUSTED, YOUR COST BASIS MAY REQUIRE ADDITIONAL ADJUSTMENTS. FOR TAX PURPOSES, YOU SHOULD RELY ON YOUR OWN RECORDS AND THE CONSOLIDATED FORM 1099 SENT TO YOU.

Order Routing:

The SEC requires all broker-dealers that route orders in equity securities and options to make available quarterly reports that present a general overview of their routing practices. The reports must identify the significant venues to which customer orders were routed for execution during the applicable quarter and disclose the material aspects of the broker-dealer's relationship with such venues. In addition, the Rule (SEC 606) requires broker-dealers to disclose, on customer request, the venues to which the individual customer's orders were routed for the six months prior to the request, and the execution time for the orders that were executed. IMPORTANT INFORMATION CONTINUED

Please take note of the following description of Apex Clearing Corporation's excess SIPC coverage, which reflects certain changes made to the coverage effective August 8, 2013. The Securities Investor Protection Corporation ("SIPC") protects certain customer funds up to a ceiling of \$500,000, including a maximum of \$250,000 for cash claims. **Please note SIPC does not cover commodity contracts and options on futures.** For additional information regarding SIPC coverage, including a brochure, please contact SIPC at (202) 371-8300 or visit www.sipc.org.

Similar to SIPC protection, this additional insurance does not protect against a loss in the market value of securities. For additional information, please contact your broker.

You may contact your broker to specify any Program Banks into which you do not wish your excess cash balance to be swept. Please note that if there are insufficient Program Banks available in the Program, taking into account any from which you have opted out, such that not all of your excess cash balance can be spread among Program Banks to ensure FDIC coverage, then some or all of your excess cash balance may remain dormant in your Apex Account or may be deposited at a Program Bank but not covered by FDIC insurance. You may obtain additional information on each Program Bank at www.fdic.gov. 6. Closing Price: Last traded price on the last trading date of the month. Note, closing prices are indicative and may be from third-party sources. Webull does not warrant the accuracy of the prices provided by third-party sources.

7. The sum of Exchange-related fees, transaction-related fees, stamp duty, withholding tax, contract fees, commissions, or other fees or taxes.

8. Webull does not charge any fees for currency exchanges. Exchange rate is prone to be impacted by the market exchange rates. Please take exchange rates on market as reference.

IMPORTANT INFORMATION

1. Webull carries your account on an omnibus basis with Apex Clearing Corporation, which acts as the clearing broker.

2. If there are any material changes regarding your contact information, investment objectives, or financial situation, advise Webull promptly by updating your information using the Webull platform or by contacting support@webull.us.
3. If this is a margin account and we maintain a special memorandum account for you, this is a combined statement of your general account and special memorandum account maintained for you under Regulation T issued by the Board of Governors of the Federal Reserve System. The permanent record of the special memorandum account as required by Regulation T is available for your inspection at your request.
4. The interest charged on the debit balance in your account is shown on this statement. Interest on debit balances is calculated for each calendar day and charged monthly. The interest settlement cycle begins from the prior month's settlement date to the latest settlement date before the 15th of each month. The margin rate is variable and is determined by the size of the margin loan. The margin rate is set at Webull's discretion and is subject to change without notice. The daily interest charge is calculated by multiplying the debit balance by the margin interest rate divided by a 360 calendar year. When calculating margin interest, the free credit balance in the account will offset any debit in the margin account and the interest will be charged on the net debit balance.
5. We are required to report to the Internal Revenue Service all cash dividends and registered bond interest credited to your account on securities held for you in our name. All dividends and interest credits should be included in your income tax return. Webull's policy is to pay all dividends and interest in US Dollars. Webull will allow the following countries to be paid in their foreign currency (Canadian Dollars, British Pounds, Euros, Argentine Peso, Chinese Renminbi, Korean Won, Philippine Peso and Brazilian Real).
6. Information related to fees and other charges incurred in connection with listed options transactions occurring during the month has previously been furnished to you in confirmation of such transactions. A summary of this information will be made available to you promptly upon request. Exercise assignment notices for option contracts are randomly allocated among customer short positions. A more detailed description of our random allocation procedure is available upon request.
7. SIPC Coverage: Webull is a Member of SIPC, which protects securities customers of its members up to \$500,000 (including \$250,000 for claims for cash). Explanatory brochure available upon request or at www.sipc.org. Deposits held away from Webull may not qualify under SIPC protection.
8. Any free credit balance represents funds payable upon demand which, although properly accounted for on our books of records, is not segregated, and may be used in the conduct of this firm's business as permissible under the SEC Rule 15c3-2.
9. Rate on Customer Collateral represents the interest paid on the collateral posted to the customer's account and received from lending stock. A positive rate indicates a benefit to the lender.
10. Fixed Income. Bond transactions are executed by our clearing broker, Apex, who charges a mark-up or mark-down on the trade. Apex shares a negotiated portion of this markup with its vendor, Moment, and with Webull. A mark-up and mark-down will impact the price you pay for a bond transaction and may impact your effective yield on the bond. Call features for bonds, preferred stocks, and other convertible securities may affect the yield on your investment. For zero coupon, compound interest and multiplier securities, there are no periodic payments and securities may be callable below maturity value without notice to a holder unless registered. Redeeming or selling your position prior to maturity may reduce the yield or result in a loss. For additional information regarding bond yield, please contact support@webull.us.
11. Fixed income securities carry various risks including interest rate risk, inflation risk, liquidity, and default risk. If the debt security is unrated by a nationally recognized statistical rating organization, it may pose a high risk of default. You should consult a financial advisor to determine whether unrated bonds are appropriate for your portfolio considering your goals and your financial circumstances. Additional information regarding the risk of bond trading is available at www.webull.com/policy.
12. Investors should be aware that money market mutual funds are not guaranteed, their share value may fluctuate, and there is a risk of loss, including the possible loss of principal. See additional details in the Mutual Fund Risk Disclosure on www.webull.com/policy.
